

Dear HelpMeSee Friends,

As of December 31, 2019, HelpMeSee fundraising activities from Hong Kong have moved to the United States, but we continue to accept donations from Hong Kong and I hope you continue to follow our cause.

Even though operations have moved, our commitment to eliminating cataract blindness in Asia has not changed. We continue to work with partners operating in the area. Our Manual Small Incision Cataract Surgery (MSICS) training program that uses HelpMeSee Eye Surgery Simulator carries on.

HelpMeSee MSICS training, the only sustainable solution to address the issue of cataract blindness, could not continue without your support.

So, while HelpMeSee may be operating from a distance, your enthusiasm for our cause is still important. As such, I offer you a direct connection as CEO of HelpMeSee through my personal email address of saro@helpmesee.org. You can contact me at any time.

If you would like to send mail to HelpMeSee Hong Kong, please send all correspondence to:

HelpMeSee Inc, Limited
Floor 6
CNT Commercial Building
302 Queen's Road Central
Sheung Wan, Hong Kong

For worldwide news on HelpMeSee, you may also access our global Latest News blog and for heartwarming messages our Stories of Hope. Most importantly, please keep in touch via this website, helpmesee.org.hk for specific news regarding HelpMeSee Hong Kong operations.

As of the writing of this letter there are many changes happening on our world, but the HelpMeSee commitment to our operations in Hong Kong is still important to us. Be well.

Yours in health,

Saro Jahani
President & CEO
HelpMeSee
